

Larry Berg Flight Path Park

* Previously with Sharp & Diamond Landscape Architecture

Larry Berg Park is a completely renovated community park adjacent to the neighborhood of Burkeville in Richmond, and directly in line with YVR's south runway. Mike played a lead role as Prime Consultant on the collaborative design team that focused on a complete re-design of the park, adding interpretive elements, a central globe plaza, signage and a plane spotting viewing platform to help educate users on aviation as well as to celebrate YVR's role as an international travel hub.

Client: YVR Airport Authority

Location: Richmond, BC

Budget: \$2M (Landscape)

Completed: 2013
